

Agfa Aviphot 80

Black & White Aerial Film

Fresh aerial film, individually hand re-spooled.

★ RECENTLY DISCONTINUED ★

OVERVIEW

Agfa Aviphot 80 is a classic black & white aerial film, individually hand re-spooled with care.

KEY CHARACTERISTICS

- Very fine grain and extended infrared sensitivity.
- Produces high-contrast images.

FORMATS

- 35mm / 135 — 36 exposures.
- 120 format.

35mm film uses recycled cassettes from other film brands and contains 36 exposures, relabeled with an Aviphot label.

120 film uses recycled backing paper from other brands.

RECOMMENDED EXPOSURE

ISO 100

DEVELOPMENT

Lab processing is fine.

For home development, 7–9 minutes in Rodinal diluted 1:50 works.

SAMPLE IMAGES

Aviphot 80 continues a proud tradition of Agfa aerial film—trusted by generations of photographers for its dependable performance and distinctive look.
